

THANK YOU

Dear Stuart —

Many thanks for a brilliant First Aid course at Bristol. It's something I should have done long before I reached my 56th year, but I guess it's one of those fortunate occasions where you wait long enough and then get the best.

The best teaching comes from levels of knowledge, interest and enthusiasm that go far beyond what is immediately taught, and you clearly operated on those levels. Thanks a lot, and good luck with the dogs
